

## Pay it Forward

1. “What does the world expect of you?” Comment on what your teachers, parents, friends and siblings expect of you.
2. “The realm of possibility exists in each of you.” What can you do to make your school and community a better place?
3. Are you prepared for the world outside of high school? What skills do you presently have that you need for the “real world”? What do you have to work on?
4. What does pay it forward mean? How does it work?
5. Name four examples of pay it forward in the video, two of which Trevor was directly involved.
6. Often something good can come out of something not so good – give 3 examples where a negative event/experience lead to something good.
7. Give personal thoughts on the video
