

## **Art & Design 3200 Final Project: Independent Project**

---

It's nearing the end of the year and there is limited time left (as of today, May 31<sup>st</sup>, there are 7) For the final project of the year, you will create your own project in the medium of your choice.

1. Think about the medium you want to work with: watercolour paint, acrylic paint, plaster, legos, digital art, collage, pencil, charcoal, pastel.... you name it and I will try to accommodate.
2. Come up with a project idea. Think of something that you would like to have hanging in your room or even a gift to give to another person. You may research the internet or look at books for inspiration.
3. Sketch out your ideas in your sketchbook. Show me what you have planned and I will give you the appropriate materials and give guidance.
4. Create your project using your chosen materials. Make sure that you have all other project work finished (or factor that into the project's timeframe so you do not run out of time.)
5. Have FUN!
