

## **Art & Design 2200/3200 ~ Sketchbook Assignment #1**

---

*YEA! Sketchbooks are finally in! And now it's time to personalize yours!*

### **Create a collage on the front and back cover of your sketchbook**

You may use photos, magazine/internet images, stickers, fabric, coloured paper, etc.

You may use drawn elements to unify your design.

The overall design will reflect your style and interests.

The content may not contain any reference to alcohol, drugs, sexually suggestive or otherwise offensive material. If you have a question about this, please ask.

### **Optional:**

If you prefer to keep the cover of your sketchbook black, you may complete the collage inside your sketchbook (using a two page spread).
