

Calculating the Girth of an Object

Measure the following items and record the girth and length + girth in the chart below.

If the postal service charges \$0.85/cm, calculate the cost to send each package.

Object	Girth (cm)	L + G (cm)	Cost
1. Xerox Box			
2. Pringle Can			
3. White Tub of Blocks			
4. Roll of Paper Towels			
5. Game Box			
6. Plastic Cup			
7. Box of Geometric Shapes			
8. Static Guard Can			
9. Tissue Box			
10. Filing Cabinet
