Assignments/Quizzes	25
Midyear Exam	20
Total	100

Final Grade on transcript in August is equal to: School Mark + Public Exam Mark ÷ 2

Keep in mind your mark may be D-factored up or down based on provincial results

Expectations for Biology 3201:

1. This is a fast-paced course that involves remembering and applying a great deal of information. Students must be studying on an on-going basis or they will be overwhelmed by the sheer volume of outcomes associated with this course.
2. All sections of Biology 3201 will be given the similar evaluations each term.
3. Menihek's "Second Chances" policy will apply to major evaluation pieces, provided the student is willing to put in the extra work and time required to improve the mark they want to replace. All requests for second chances must be in a timely manner.
4. Students are RESPONSIBLE for work that is missed when they are absent, for any reason. The student is required to find out what was missed on his/her time from a classmate, do any required work and submit in a timely fashion.
5. All work is to be completed on an individual basis. Work that shares similarities will be considered as cheating/plagiarism and will be subject to penalty.
