

😊 Story Problems 😊

1. Jessie wants a large window put in her bedroom. The window is to be a square with an area of 49 square meters.

How long should each side of the window be?

2. The side length of a square is 11cm. What is the area of the square?

3. A miniature picture of Mr. Simmons is a square and has an area of 196cm². How long is each side of the picture?
